Please refer to your state specific information for details.

Link Up

Link Up provides qualified consumers a reduced one-time activation fee for new wireless phone service.

Lifeline service is discounted depending on the federal and state support that's available in your area, and Link Up pays 50 percent of a customer's one-time activation fee. AT&T waives the other 50 percent for eligible consumers, so activation is free.

If you live on tribal lands, you could qualify for Enhanced Lifeline support, which can reduce your wireless bill to as little as \$1 per month.

See your state in the table below for eligibility and available savings in your area.
